Item #RD7200T, Whiteside Machine Spiral Bits Downcut - 3/4 x 2 Three Flute, 3/4 Shank \$157.66

Thank you for shopping with us!

Three flute design allows these bits to provide the best finish on your project. Downcut spiral design provides the best top surface edges, ejecting chips away from the router when routing through material. This design also decreases the tendency to lift thin/small workpieces during CNC routing.
