Item #SD208OLHS, Freud Dado Replacement Parts - Outside Blade LH - For use on New SD208S Sets \$42.13

Thank you for shopping with us!

Use Dado Set components only with the dado set for which they are designed. Never use chippers without both outside blades.

SD208OLHS only to be used on the new SD208S.

Freud dado sets are built to last through many years of sharpening and use. However, accidents like dropping a chipper do happen and Freud offers a full range of replacement parts. All outside blades and chippers are made to the same exacting standards of quality as the original set. For wider cuts, Freud's Precision Shim Set and additional chippers are available.
