### Item #UD5122M, Whiteseide 1/2 x 1 1/4 Up/Down Compression Spiral Bits (2+2 Compression) - Mortise Style - 1/2 Shank **\$90.09**

Thank you for shopping with us!

Made from solid carbide, each bit contains an upcut and a downcut flute, creating a compression cut that prevents fraying & splintering. Compression spirals will save you time and money on finishing your project edges by reducing sanding time. This bit has the added feature of shorter upcut flutes, allowing the downshear cutting action to the top surface during shallow cuts.
